2021 STUDENT HEALTHCARE DEBATE

Healthcare is a much debated topic in our society and we want to give a platform to young people in NI to share their thoughts on the nation's health and healthcare.

The Belfast Trust 6th Annual Student Healthcare Debate will take place, in November, virtually via Microsoft Teams for school students in year 13/14 who are considering a future career in healthcare.

In 2019, Down High School articulated their way to victory on the topic "Vaccinations should be mandated for all".

It could be your school in 2021.
